

The Franklin Five

OCTOBER

- Practice Law Ten: Give More And You'll Have More**
The best way to achieve an abundance of anything is to share it. If everyone who developed a large amount of wealth saw their role as stewardship, then poverty, suffering, and pain could be greatly reduced. Consider what in your life you have excess of and make an effort to share it.
- Plan For The Holidays**
If you haven't already, it's time to decide how you'll be spending the upcoming winter holidays. Once you've settled on the events and visits you want to include, open your planner and begin figuring out transportation, lodging, getting time off work, and early shopping – to stay ahead of the season.
- Clean Your Rain Gutters**
With leaves falling off the trees, it's time to make sure your gutters and drains are in good working order. Remove leaves with a small shovel and rinse debris with a hose (this also lets you keep an eye out for leaks). Pay special attention to the downspouts -- with wet and cold weather, you won't want a blocked spout filling your gutters with water or ice.
- Reorganize The Garage**
If you're like the average person, the activities of summer have taken their toll on your garage. However, with winter around the corner you're going to want space in there to park your cars. This is the ideal time to organize so that your garage makes sense. Toss out or donate whatever you no longer need, and create storage solutions for the things you want to keep in there.
- Consider Ordering Your Planner Now For The New Year**
Planners for next year are ready for you to order. If you order yours now, you can avoid the rush at the end of the year and get a jumpstart on your plans.
